

N.Y.A.C. Plans A Big Season For Gunners

By J. S. Mitchell

The New York A. C. has already taken steps toward the inauguration of the trap shooting season. At the regular meeting of the board of governors a few days ago a substantial appropriation was set aside to popularize the sport, a fact which indicates that Travers Island will witness a winter of exceptional competition at the traps. The four sets of traps are to be enlarged so that fifty men can shoot at one and the same time. This plan means that a greater number of events can be held on all shooting days.

Heretofore shooting was confined to Saturdays, Sundays and holidays, but this winter it is the intention of the shooting committee to arrange for at least three days each week, not to mention special days for matches with outside clubs. George J. Corbett has been again appointed chairman of the shooting committee, and while he would not say how much money the New York A. C. would spend on the trap sport, he hinted that the club would do as much for the shooters as it did for the athletes in giving weekly games on the track all through this summer.

To the United States government it is well known that the use of the shotgun is one of the main essentials in the makeup of the modern aviator, the cavalryman, or, for that matter, the infantryman. In each of these three instances the aiming of moving objects imparts a lightning decision, a keenness of eye and a quickness of range finding not possible in any other form of marksmanship.

Must Aim Quickly

For instance, the man standing on the platform in front of a trap has not the slightest hint of what direction the clay-rock is about to be flung so that when it flies from the hidden spring he has, if he wants to secure a "kill," to find the direction and aim like a flash. The indecision of such a trivial fraction of time as the twentieth part of a second may often be fatal, especially if the shooter should happen on a low driver, with the result that he is liable to be credited with a goose egg on the score sheet.

With this in mind the shooting members of the New York A. C. devoted considerable time a year ago and spent some money on shells for the cantonments. The shells were mainly through the efforts of the Travers Island bluecock experts that the United States government became imbued with the idea, and for the purpose of training the soldiers to shoot on the wing purchased \$200,000 clayrocks, the majority of which were shipped to France and used principally by the flying men.

In all, more than one hundred sets of traps have been in use among the home training camps, not to talk of the number that has been sent abroad. The trap shooting practice has been of much use to our aviators in picking off the Boches that the sport is now one of the official numbers of the aviation curriculum.

The motto of "Semper Paratus" so ardently advocated by Ex-President Roosevelt and his theory that the soldier's efficiency of the soldier is his ability to shoot accurately did not dwell on the people of this country until the outbreak of the present war.

Of course it must be admitted that in the national defense act went a long way toward improving matters, when it authorized an appropriation of \$300,000 for arms, ammunition and other incidentals of a rifle range, including \$100,000 for the transportation of rifle teams to all the big matches. It bore good fruit, for today there are upward of 2,000 rifle clubs in the United States fostered by the government and that have contributed largely toward the improvement of the ordinary marksmanship of the citizen is beyond question.

Plans Nearly Completed For Power Boat Races

DETROIT, Mich., Aug. 24.—Plans are advancing rapidly for the power boat races to be held in the Detroit River, August 30 to September 2, when Miss Detroit III is expected to defeat other contenders for the gold cup which she now holds.

William E. Metzger, treasurer of the gold cup committee, is anxious that the boat which he is contributing to the popular subscription plan of financing Miss Detroit III send in checks as soon as possible.

It is the intention of the committee to make the final payment on the boat August 24. The boat will cost \$8,000 and her campaign will cost \$4,000 more.

Levinsky and Turner Clash To-morrow Night

Battling Levinsky, the light heavyweight champion, and Clay Turner, the Indian, are ready for their eight-round bout at the Armory A. A. of Jersey City to-morrow night. Both have trained diligently for this meeting, as the winner probably will be matched with Jack Dempsey, conqueror of Fred Fulton.

Turner, who is the only redskin in the boxing ring, held his own with Harry Greb, and does not expect to have any trouble staying the limit with Levinsky. The latter, however, is anxious to score a knockout victory and thus clinch the Dempsey match.

Labor Day Regatta

The Hempstead Harbor Yacht Club will hold a regatta for the benefit of the Red Cross on Labor Day. An entry fee of \$5 per boat will be charged. The entire amount of entrance fees will be given to the Red Cross without deduction of any kind.

Ishams Beat U. S. S. Recruit

The baseball team of the U. S. S. Recruit, in Union Square, lost to the Ishams Field Club by a score of 5 to 9 yesterday afternoon. The Filipino pitcher known as "Kid Manila" twirled for the land batted nine. Evans and Hallahan pitched to Arthur for Ishams.

"Zip" and "Wiz" and a "Hop"

In a letter from Sergeant Ed Klepper, former Cleveland pitcher, now on the firing line in France, he notes that there is little difference in the "zip" of the German sniper's bullet and the "zip" of Walter Johnson's fast one, except that Johnson's offering may have a "hop" on it.

Jess Won't Fight

DENVER, Aug. 24.—Jess Willard, heavyweight boxing champion, will not box to defend his title until the war is ended, he announced here to-day. During the war he will confine himself to exhibitions, the proceeds of which will go to war charities.

Barry Quits Hospital

LONDON, Aug. 24.—Sergeant Ernest Barry, the well-known champion of the west, who was badly wounded on the Western front, has been discharged from the hospital, where he spent six months, and will rejoin his regiment for six months' light duty.

To Sell Lots at Auction

Bond and Mortgage Guarantee Co. to Dispose of 157 Plots

The Bond & Mortgage Guarantee Company will sell at auction 157 lots and plots in Jamaica and Brooklyn on the night of September 11 at the Brooklyn Real Estate Exchange, through the Jere Johnson, Jr., Co. The sale consists of property originally bought by real estate operators which fell into the hands of the company through mortgage loans, amounting only to about 40 per cent of the value of the land.

There is a plot of more than 68,000 square feet with a house on it on Shore Road, near Eighty-third Street; seventy-two lots bounded by Utica and Schenectady Avenues, Montgomery and Malbone Streets and Lefferts Avenue; thirty lots on Fort Hamilton Parkway, Fifty-fifth Street and Eleventh Avenue; eleven lots on East Third Street, South Street at Avenue J; fifteen lots on Avenue N at East Twelfth Street; a lot on East Eighty-eighth Street, near Avenue B; and twenty-seven lots at Queens Boulevard and Maple Street, Jamaica.

Labor Favors Mild Drinks

State Federation Resolution To Be Sent to Wilson

The New York State Federation of Labor adopted a resolution yesterday opposing national "bone dry" legislation, and asking in particular exemption for beer and light wines. Copies will be sent to President Wilson, the Speaker of the House, the Fuel and Food administrators, Representatives and Senators from New York and the president of the American Federation of Labor. The resolution states:

"Those who argue that war-time prohibition is necessary to conserve fuel and grain should consider also what is likely to be the effect upon the morale of the working classes, and that what we are asking is not a mere exemption, but a right to be considered as one of the burdens already resting upon these classes."

To Discuss Convict Labor

Committee on Prisons Will Meet at Home of Mrs. Flagler

WASHINGTON, Aug. 24.—The National Committee on Prisons and Prison Labor will hold a special meeting September 7 at the country home of Mrs. John H. Flagler, North Brook Farm, Greenwich, Conn., to discuss the employment of prison labor on government work.

Roush Trailing Wheat

For Batting Honors

The big drive for premier baseball honors in the major leagues is in full swing, with leaders in the various departments measuring strength in the race for the top.

Eddie Roush, the hard hitting Cincinnati outfielder, with but nine days of the season remaining, is attempting to crowd "Zack" Wheat, the Brooklyn veteran, from the coveted top rung of the National League batting ladder.

Seventh in the list of leaders week ago, Roush to-day is in second place as a result of collecting sixteen hits in his last eight games. He is fifteen points behind the Brooklyn veteran who is leading with an average of .343. Charles Hollocher, the young Chicago star, batted his way from sixth to third place, with an average of .329, while Jack Daubert, another Brooklyn veteran, fell into a batting slump and slipped from second to seventh place.

Jimmy Wilde's Next Fight
What should prove to be one of the most interesting matches for many months has been arranged between Sergeant Jimmy Wilde, the world champion flyweight, and Joe Bonomo, a contender of close to \$20,000, which will be staged in London on August 31 or September 7. Both boys have signed articles to box twenty rounds at 126 pounds. It will be a great contest when the world's champion flyweight and what is supposed to be the cleverest featherweight in the kingdom meet to decide their supremacy.

Record for Slim Love
Slim Love, of the New York Yankees, established a season's record for strike outs, when he fanned twelve of the White Sox who faced him in the game of last Saturday's double-header. Eleven took the three swings, in the first six innings, while the twelfth came in the ninth. Love struck out Leibold and Mostil three times each, Wilbur Good twice and Weaver, Pinelli, Schalk and Danforth once.

Donaldson Hangs Up Record
Corporal Jack Donaldson, the great sprinter, has now put up the record of 200 yards in 20 seconds, which he ran in two weeks' training, and it is the first time he has ever run a distance.
